

CALL FOR MANUSCRIPTS

Kenya Aquatica Journal

The Kenya Marine and Fisheries Research Institute (KMFRI) is inviting **researchers, scientists, academicians and partners** to submit manuscripts for publication in the **Kenya Aquatica Journal**, the official scientific journal of KMFRI.

Journal Aim

The Journal provides a platform for disseminating scientific knowledge generated from research conducted in **Kenya's marine, coastal and inland aquatic environments**, in line with KMFRI's mandate in marine and freshwater fisheries, aquaculture, environmental and ecological studies and oceanographic research.

Scope

We welcome **original and unpublished manuscripts** in, but not limited to:

- Marine and freshwater fisheries
- Aquaculture and aquatic food systems
- Aquatic ecology and biodiversity
- Environmental and ecosystem studies

- Chemical and physical oceanography
- Climate change and aquatic resources
- Aquatic bioprospecting and biotechnology
- Blue Foods research, post-harvest technologies and value addition
- Policy-relevant aquatic research
- Other relevant to aquatic research fields

Who Can Submit

- KMFRI researchers and interns
- Partner institutions and collaborators
- National and international researchers

SUBMISSION DETAILS

Email: aquatica@kmfri.go.ke

Deadline: 12 February 2026

All submissions will undergo peer review.
